

SP Amplifiers - Power at work

SP Series amplifiers from WORK embody all the attributes one has come to expect from the WORK product range. In other words, these amplifiers represent solid, reliable design in an attractive 2U package at unbelievable value for money. Whether you're working to a budget or not, these amplifiers deserve a look, even *our* technical department is impressed with the value for money! There are four units in the range with power ratings ranging from 420W per channel into 8 ohms (or 750W into 4 ohms) to a beefy 1500W into 8 ohms (or 2800W into 4 ohms).

They are extremely well-featured for the price with all models offering

- Jack and XLR inputs
- Binding post and Speakon outputs
- A 30 Hz high pass input filter
- A defeatable clip limiter and integral fan.

There is also an impressive amount of built-in protection circuitry to guard against thermal and ultrasonic overload or short-circuit as well as RF protection to guarantee stability under reactive or mismatched loads. SP Series amplifiers are the perfect partner to all WORK loudspeaker ranges to provide quality audio at an unbeatable price.

Studio Range

For stylish, cost-effective and reliable audio solutions for the restaurant/retail/leisure sectors, the installer need look no further than the Studio loudspeaker range from WORK. Available in a variety of formats including both high impedance 100V line and low impedance (typically 8Ω) versions, all Studio loudspeakers are extremely easy to install, being both compact and lightweight. Better still, all bracketry is included in the price. There's even a choice of black or white. What more could you ask...?

Studio 2 Black/White

Compact 2-way loudspeaker-4" LF, 1/2" HF. 8Ω. 75W. Spring terminals. U shaped mounting brackets included.

Studio 2 Line Black/White

As left but 100V line version with internal transformer. Taps switchable with rear mounted rotary switch. 8Ω, 2W, 4W, 8W, 16W

Studio 3 Black/White

Compact 2-way loudspeaker-5" LF, 1/2" HF. 8Ω. 80W. Binding Posts. U shaped mounting brackets included.

Studio 3 Line Black/White

As left but 100V line version with internal transformer. Taps switchable with rear mounted rotary switch. 8Ω, 2W, 4W, 8W, 16W

Studio 4 Black/White

Compact 2-way loudspeaker-6 1/2 " LF, 1/2" HF. 8Ω. 100W. Binding Posts. U shaped mounting brackets included.

Studio 4 Line Black/White

As left but 100V line version with internal transformer. Taps switchable with rear mounted rotary switch. 8Ω, 4W, 8W, 16W, 30W

Studio 5 Black/White

Compact 2-way loudspeaker-8 " LF, 1" HF. 8Ω. 120W. Binding Posts. U shaped mounting brackets included.

Studio 5 Line Black/White

As left but 100V line version with internal transformer. Taps switchable with rear mounted rotary switch. 8Ω, 4W, 8W, 16W, 30W

OC - 2000 Subwoofer

The OC - 2000 is the latest enhancement to the acclaimed Studio loudspeaker series from WORK. Specifically designed to augment the range, the OC - 2000 extends bass response for applications requiring reproduction below 100Hz. Like all products associated with the WORK portfolio, the OC - 2000 delivers high performance in a workmanlike package at truly fantastic value for money.

The OC - 2000 comprises a powerful 12-inch driver housed in a durable ported cabinet to add low-end punch for applications where full range foreground music is required. Very compact cabinet dimensions are another advantage for installers finding themselves short of space, and the ability to operate the cabinet both vertically and horizontally add to the unit's flexibility.

A system comprising a number of Studio 2, Studio 3, Studio 4, Studio 5 loudspeakers coupled with an OC - 2000 provides a high performance yet cost effective solution to many audio installation requirements. Value for money does not get better than the solutions offered by this product range.

Model	OC - 2000
Frequency response	32Hz - 100Hz ± 3dB
Power rating	200W rms
Impedance	8Ω
Sensitivity	97dB (1W @ 1m)
Woofer	12"
Tweeter	N/A
Cabinet Material	M.D.F.
LINE version, 100V line taps	N/A
Dimensions (cm)	540 x 400 x 366
Net Weight	22kg (each)
Packed Weight	24kg (each)
Included accessories	-
