

XS15

XS15 is a 2-way speaker model with a priority on excellent music reproduction, a very good efficiency and attractive design.

The internal crossover was designed by a German company specialised on speaker design, which results not only in excellent sonic performance, but also in well engineered protection circuits. Two parallel NL-4 Speakon inputs offer easy daisy-chaining of the speaker signal.

The XS15 offers a great variety of mounting options: Yoke mount for both horizontal and vertical installation is available as well as a discrete wall support, which allows the installer to tilt and swivel the cabinets for optimum alignment. Above that the cabinet is Omnimount® ready for series 120.0 brackets.

Due to the rotatable horn, this model can be used in vertical and horizontal orientation without suffering from phase interference.

XS15 is available in black (similar to RAL9005), white (similar to RAL9010) or unpainted.

Tec Specs

| Model | XS15 |
|-------------------------|------------------------------|
| Power (watts / rms) | 350 |
| Rec. amplifier power | 350 - 500 |
| Driver | |
| LF-Driver | 15" |
| HF-Driver | 1,3" on a rotatable horn |
| Input impedance | 8 ohms |
| Freq. response(+/-3 dB) | 60 Hz - 19.5 kHz |
| SPL (1 W / 1 m) | 98 dB |
| Dispersion (h x v) | 90° x 75° |
| Connectors | 2 x NL4 Speakon |
| Cabinet material | Multiplex plywood |
| Cabinet design | Trapezoidal |
| Colours available | black, white |
| Accessories | WB-L V-Yoke15 H-Yoke15 |
| Special Features | Omnimount ready (120.0) |
| Dims (H x W x D, cm) | 73 x 48 x 49 |
| Weight (kg) | 37 |
