Ear-Worn Microphone for Standard Speech

The CO-3 Series Microphone is the entry-level earworn microphone affordably designed for speech reinforcement from classrooms to churches, and for all types of applications that require good quality vocal pick up in a hands-free environment.

| | | | |
|--|----------------------|--|----------------|
|  | PS.CO-3-SH-BE | Cost-effective earworn mic in beige terminated with TA4F connector for Shure wireless systems. | £105.00 |
| | PS.CO-3-SE-BE | Cost-effective earworn mic in beige terminated with 3.5mm locking stereo jack for Sennheiser wireless systems. | £105.00 |
| | PS.CO-3-AT-BE | Cost-effective earworn mic in beige terminated with Hirose 4-pin mini connector for Audio Technica wireless systems. | £105.00 |
| | PS.CO-3-TL-BE | Cost-effective earworn mic in beige - unterminated. | £99.00 |

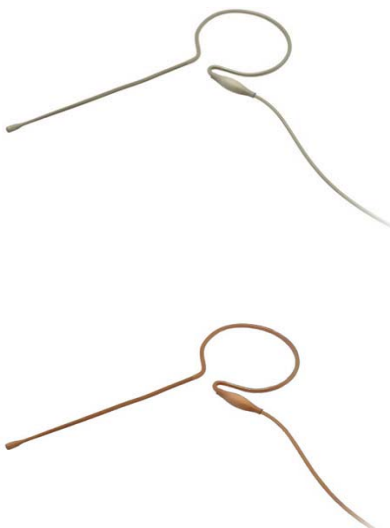

Ear-Worn Microphone for High-Energy Speech

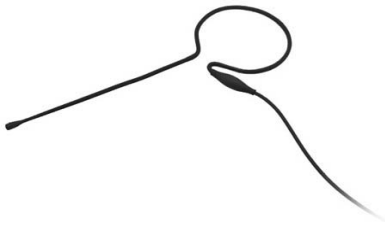

The CO-5 offers one of the best values in an earworn microphone. Its clarity in close-talk operation and excellent gain before feedback make it fitting when higher degrees of speech intelligibility are desired—such as with church liturgy, aerobics instruction, lecturing, and sports casting.

| | | | |
|--|----------------------|---|----------------|
|  | PS.CO-5-SH-BE | High quality omni-directional earworn mic in beige terminated with TA4F connector for Shure wireless systems. | £185.00 |
| | PS.CO-5-SE-BE | High quality omni-directional earworn mic in beige terminated with 3.5mm locking stereo jack for Sennheiser wireless systems. | £185.00 |
| | PS.CO-5-AT-BE | High quality omni-directional earworn mic in beige terminated with Hirose 4-pin mini connector for Audio Technica wireless systems. | £185.00 |
| | PS.CO-5-TL-BE | High quality omni-directional earworn mic in beige - unterminated. | £178.00 |

Ear-Worn Microphone for High-Energy Speech & Music

The CO-7 Series earworn microphone is characterised by an extremely durable and flexible boom, left or right ear wearing option, and performance grade audio quality typically only experienced using a larger format microphone.

| | | | |
|--|----------------------|--|----------------|

IEM Earphones

PS.EM-3

The EM-3 is a professional grade earphone system that features high sensitivity, full range response across all frequencies, and an exclusive "ear-guide" option for comfortable extended wear. The earguide reduces stress on the cable at the ear helping to keep the transducer properly positioned for optimum performance and reduced ear fatigue. The cable has a special kink-free design and is lightweight yet very durable. Fitted with 3.5mm stereo jack plug, also comes with 1/4" adaptor.

£69.99
